Summary

Recent graduate with a Bachelor's degree in Data Science and Artificial Intelligence from Al-Ahliyya Amman University, with hands-on experience in recommendation systems and predictive modeling. Skilled in SQL, Python, Tableau, and Power BI, with a demonstrated ability to clean, analyze, and visualize data to drive business insights.

Experience

Data Science Trainee | Pio-Tech | May 2024 – July 2024

- Mastered SQL for data cleaning and analysis, enhancing data integrity and retrieval efficiency.
- Conducted exploratory data analysis (EDA) to identify patterns and insights.

Key Projects

- **Tailwind Traders Report:** Designed and developed interactive dashboards using Power BI to track business KPIs.
- **Taxi Fares Prediction:** Created a machine learning model to forecast taxi fares, analyzing large datasets for prediction accuracy.

Education

B.S. Data Science & Artificial Intelligence

Al-Ahliyya Amman University | October 2020 – July 2024

GPA: 3.6 / 4.0

Skill Highlights

- Programming Languages: SQL, Python, Java
- Business Intelligence Tools: Power BI, Tableau, Excel
- Data Modeling & ETL: Building and maintaining data models
- Data Analysis: Statistical analysis, predictive modeling, and KPI tracking
- Communication: Ability to translate complex data findings into actionable business insights

Certifications

- Microsoft Power BI Data Analyst Professional Certificate - Coursera
- Google Advanced Data Analytics Professional Certificate - Coursera
