SUMMARY

Recent graduate and enthusiastic MERN Stack Developer with hands-on experience in creating dynamic, user-friendly applications. Strong foundational knowledge in software testing, focused on delivering high-quality, reliable solutions. Committed to continuous learning and growth in full-stack development and quality assurance.

EXPERIENCE

Project 1 : MERN-Stack-CRUD Application

GitHub link ↗

- Tools: MongoDB, Express, React, Node.js
- Functionality: Built a CRUD application for product management, covering create, read, update, and delete operations with a responsive UI.
- Result: Successfully demonstrated full-stack MERN development, effective data handling, and deployment to a live environment.

Project 2 : Automated Testing for Magento Website

GitHub link ↗

- Tools: Selenium, TestNG, Java,
- Test: Automated account creation, login/logout, product addition to cart, and review submission
- Result: Ensured smooth functionality and identified issues

Project 3 : Automated Testing for Almosafer Website

GitHub link ↗

- Tools: Selenium, TestNG, Java
- Test: Verified default settings (language, currency, contact number), footer display, hotel tab selection, departure and return dates, and randomized language change on the Almosafer website
- Result: Ensured website functionality and correct user interface behavior under various conditions

EDUCATION

Computer Engineering

Jordan University Of Science And Technology - Computer & Information Technology

GPA : Good

CERTIFICATES

Software Quality Assurance Engineering(Manual & Automation)

Princess Sumaya University for Technology

06/2024 - 09/2024

SKILLS

REST APIs

SQL ,MONGODB

React JS

Node JS

C#, Java, python, Javascript

Selenium WebDriver

Appium

TestNG

Git-Github

Postman

OOP

Data Structure

Problem-Solving

Api Testing using postman

Collaboration

High Communication Skills

Time management

Good Skills at writing Bug Report and Test Cases

Applying the cycle of STLC

Apply the basic concepts of manual testing

Understanding the SDLC-Software development life cycle

Fundamentals of software testing.

TestRail

Mobile Testing-Appium
