ABOUT ME

I am a recent graduate with a degree in Computer Engineering, driven by a passion for technology and a commitment to excellence. Possessing strong problem-solving skills, creative thinking, and a deep understanding of computer science concepts. I am eager to contribute to impactful projects and excel in a dynamic professional environment.

EXPERIENCE

● **Internship**   2023/10-2024/1
SHAI for AI

During my internship, I had hands-on experience working with the MERN Stack. This involvement not only provided me with valuable insights but also allowed me to actively contribute to a range of projects.

● **Crew Member**   2021/10-2022/12
McDonald's

-Greet customers as they enter and thank them for their business as they leave.
-Ensure food safety standards are being followed.
-Prepare food according to the burger chain's specifications.
-Clean and maintain designated area during downtime.
-Take customer orders correctly and efficiently.

● **Warehouse employee**   2023/10-2024/1
Sana Pharma

I specialize in pharmaceutical packaging, ensuring efficient and accurate handling of products while maintaining high standards of quality and safety in storage and distribution. My attention to detail aligns with the critical requirements of the industry.

EDUCATION

2019-2024
● **Bachelor's degree in computer engineering**
Al- Balqa' Applied University
